Criteria 1.1

When program name MCA is selected at first on register and login page then everywhere automatically MCA should be come then in program name and on the top of the website on right side corner who has login like admin.super admin ,staff who has logged in should be visible then which department then if program code is MCA then everywhere where program code is written there this code should come 515124110 then in criteria 1.1 there is program name so there should be FYMCA -SEM - 1 (MCA) likewise should come for the program name in criteria 1.1 which should be added in the semester lookup table in that these values should be come 1) FYMCA-SEM-I
(MCA)
2)
FYMCA SEM-II(MCA) 3)SYMCA SEM-III(MCA) 4) SYMCA SEM-IV(MCA) then in course name lookup tables these values should be added

like this also when we will select in dropdown the course name soo by selecting course name the code should be selected and then both should come in differrent column then in criteria 1.1 in year of introduction there should be a dropdown from 2019 to 2026 should be visible then

Program code	Program Name	Course code	Course Name	Year of introduction
515124110	FYMCA-SEM-I (MCA)	310901	Discrete Mathematics and Statistics	2020
		310902	Data Structures and Algorithms	
		310903	Object Oriented Programming	
		310904	Software Engineering & Project Management	
		310905	Information Systems and Engineering Econom	
		310906	Data Structures and Algorithms Laboratory	
		310907	Object Oriented Programming Laboratory	
		310908	Python Programming Laboratory	
		310909	Business Communication Lab	
		310910	Audit Course	

the UI should match this sheet like column names and the data that stored in different values likewise

There should be a proof field should be there then it should be stored in the evidance table criteria wise then there should be add more proof field then there should be export to excel and combine pdf and download it option should be there and that combined proof link should be added in the excel sheet and in the particular criteria table

Criteria 1.1.3

In this criteria the field should have dropdown from 2022-23 to 2026-27 then in name of teacher there should be values fetched from the database lookup table of teachers these names should be come 1)Mehraj I Khan 2) P.D.Jadhav 3)M.V.Khond 4)Javed R. Attar 5)Sonali L. Vidhate 6)Pritee Fuldeore 7)Dr. Nita Shinde

Then name of the body should be a text field

Year	Name of teacher participated	Name of the body in which full time teacher participated
2024-25	Mehraj I Khan	Paper Assessment /evaluation
2024-25	P.D.Jadhav	Design and Development of Curriculum
2024-25	M.V.Khond	Design and Development of Curriculum

the UI should match this sheet like column names and the data that stored in different values likewise

There should be a proof field should be there then it

should be stored in the evidance table criteria wise then there should be add more proof field then there should be export to excel and combine pdf and download it option should be there and that combined proof link should be added in the excel sheet and in the particular criteria table

Criteria 1.2.1

In this criteria program code and program name should reflect likewise as I said earlier then in year of introduction again there should be a dropdown from 2019 to 2026 should be visible then in status of implementation the yes or no in the dropdown then in year of implementation there should be dropdown from 2019 to 2026 should be visible then
There should be a proof field should be there then it should be stored in the evidance table criteria wise then there should be add more proof field then there should be export to excel and combine pdf and download it option should be there and that combined proof link should be added in the excel sheet and in the particular criteria table

Programme Code	Programme name	Year of Introduction	Status of implemetation of CBCS / elective course system (Yes/No)	Year of implemetation of CBCS / elective course system	Link to the relevant document

Criteria 1.2.2 & 1.2.3

Name of Add on /Certificate programs offered,Course Code (if any) ,No. of times offered during the same year,Number of students enrolled in the year,Number of Students completing the course in the year
all should be input fields then Year of offering there should be a dropdown from 2022-23 to 2026-27
Duration of course there should be dropdown from 1 month to 12 months

Year -1(Academic Year 2023-24)						
Name of Add on /Certificate programs offered	Course Code (if any	Year	No. of times offered during the same year	Duration of course	Number of students enrolled in the year	Students completing the course in the year

Digital Marketing		2024-25	1	1 Months	57	51
Year 3						
Name of Add on /Certificate programs offered	Course Code (if any	Year of offering	No. of times offered during the same year	Duration of course	Number of students enrolled in the year	Students completing the course in the year
Year 4						
/Certificate	Course Code (if any	Year of offering	during the same	Duration of course	enrolled in the year	Students
Year 5						
/Certificate	Course Code (if any	Year of offering	during the same	Duration of course	enrolled in the year	Students

the UI should match this sheet like column names and the data that stored in different values likewise
There should be a proof field should be there then it

should be stored in the evidance table criteria wise then there should be add more proof field then there should be export to excel and combine pdf and download it option should be there and that combined proof link should be added in the excel sheet and in the particular criteria table

CRITERIA 1.3.2

In this criteria program name and program code should reflect automatically then for this Name of the Course that include experiential learning through project work/field work/internship there should be dropdown of PBL-1 and Major Project then in criteria 1.3.2 when fymca is selected then all pbl-1 students should be come in the whole students coumn then there course code first we have to store the students according to the course code in the students lookup table then when major project is selected and symca in the program code of criteria 1.3.2 then the students names and course code already fetch from the students lookup table and it should be reflected in that particular column and then in the year of offering there should be there should be a dropdown from 2022-23 to 2026-27 then
There should be a proof field should be there then it should be stored in the evidance table criteria wise then there should be add more proof field then there should be export to excel and combine pdf and download it option should be there and that combined proof link should be added in the excel sheet and in the particular criteria table

the UI should match this sheet like column names and the data that stored in different values likewise

Criteria 1.3.3

In this criteria program name and program code should reflect automatically then again list of students there should be choice to select which students I want should reflect symca or fymca but this selection should be for only reflecting studnets in the stundets column this selection should not come in the criteria 1.3.3 table or excel sheet

There should be a proof field should be there then it should be stored in the evidance table criteria wise then there should be add more proof field then there should be export to excel and combine pdf and download it option should be there and that combined proof link should be added in the excel sheet and in the particular criteria table
